Apparently there is enough of a market for Zombies these days, Dawn of the Dead, Land of the Dead, Shawn of the Dead, 28 days later, Resident Evil Etc. to merit Marvel creating the Zombies MF. Personally I think it is a neat Idea to play around with. I don't see why you are upset, it is only a mini series. It is just Marvels way of getting on the Fad band wagon. If you look though Marvel and DC as well you will see that they all try to workin the current fad.
