Hello,

I'm a newbie wanna-be-artist, Poser addict and fanfic writer. As soon as I saw this site I knew I had to sign up!

(Congratulations for the layout and content, it looks awesome!!)

I'd like to post my old works here, so I'll look around for the site rules and, if everything's all right with them, I'll upload the fanfics I put on Mr X's site some time ago. I hope you like them.

Just a question about the superheroine flexing her biceps in the main page...

**SHE'S TOTALLY GORGEOUS!!!**

I've never seen her anywhere, she looks like Victoria 4 with some non-standard morphs and outfit... can you tell me something about her? How was she made? (The Poser fanatic in me is running wild) Is she a product you can buy somewhere? I've got my credit card ready...
