Let's face it, for the overwhelming part ya gotta find an actress who looks the part, can act, and can SOUND the part too.

WTF? What does a Kryptonian sound like? I know that they sure as hell don't sound like Dean Cain. A total and complete goddess like Gisele Bundchen could play Supergirl and I wouldn't even notice her hot accent. Hmm... sounds like I like this woman... oops. But yeah, she could have an accent or be a home cooked as Andie MacDowell... does it really matter though? Because...wait...here it comes...again... because the move would SUCK! Sorry Taz... but it would.
