Thanx, Biohaz\_Daddy , already added to the favorites in IE. Found some good ideias there.

chillyplasma, I have that comic, but they are not a creation from the countries. I'm looking for characters create and publish in each country. That's the difficulty I have.

BRaZZZil, already got that link. My ideia of making this series came from there. It's a very cool site. Ah, se voc? me mandar um PM, dou-lhe o meu e-mail para a foto do Major Brazil. Obrigado.

Winterhawk, I know nothing about Captain Canuck. Only that it's a Canadian hero create and publish in Canada. If you have other sugestion, I thank you for it.

Wolverine is my favorite character, he is a canadian character but not create in Canada and he is a Marvel publishing, so origin USA. Not related to Wolverine, but I had the same problem with the Indian Spiderman, looks like a cool character, but is a Marvel adaptation for the Indian market, not a Indian character.

Anyway, Thanx all for the sugestions and ideias. That's what I'm looking for: There are people from lots of places here, and if you are something like me, you get your hands in all the comics you can, at least the first issue to see what's about, especialy if it's one from your own country.

Most of the superhero characters I know are from USA and UK, but I think there are lots more around the world.
