hey kids,

how's it going? well, as the title of this thread indicates, tonight was the premiere of the new SCI-FI channel series FLASH GORDON. I must say, a little slow at the start, but it's quite entertaining. a little different, though. Ming is not Oriental, people use time portals instead of ships to go to Mongo and, according to TV GUIDE, Flash is not Joe Hero all the time because a lot of times either Dale or Aura rescues him. so, in all, this might be a fun series to watch. any comments? peace.
