I'm just wondering how to even use "Stickboy" ? The only image I've seen of the character is from what Android did in his most recent comic. Is that what we should go by?

Actually, Mr Androids' comic strip rendition is of "The sTICK!" a silly pre-festivity visual pun that I made of my intended character; "The Tick!!". I had no thought of infringing upon (or bad pun; "stepping on") the "Stickboy" character that someone else had chosen... it looks like DarkBlade just kinda did that!
