hey JR,

no worries. well, just read that FLASH might be cancelled. apparently while the numbers are decent, it's only above PAINKILLER JANE and other yanked shows, plus purists are saying instead of doing a series that showed respect to the comic, it simply, as they say in Industryese, the producers "crapped one out". well, I said it was entertaining, though certainly nothing to write home about. so I doubt I'll be particularly heartbroken if it's pulled. maybe they'll do a GOOD one in the future.
