Took my time but [Angie as Angelica](#) is here.

In regards to my earlier jerkiness in this thread, I was not judging the quality of anyone's links but the pointlessness of the act.

One hour of anybody actually trying to create a picture (I hesitate to call manipulating 'art') is worth a thousand hours of links to base pics.

That being said, I do love the Jar. Other manipers know what to look for when searching for a good base pic.

oooh yes, put your cookies in the jar for me... I'm gonna take them out and lick them so I know I had them first...
