well i did see that pic mc and if you read further into it you would have seen that it said it was a fans idea of what the monster might look like

Well, still haven't seen it yet, but from the flood of info on the net, I think I know what it looks like.

To put it in terms only a Dungeons and Dragons geek like myself (and Paton Oswalt) would know, its a 'Tarrasque'
(and seems about as hard to kill
).
