Well, crap...

For some reason, I was thinking I still had another week on this. As it is though, I'm afraid I have nothing to post, not even a wip. I signed up for this duel figuring it would force me to do a picture but the truth is, I just haven't had the time/energy. In the past month, I've had a total of 3 days that I didn't have to work(not counting the weekend I was out of the country 'cause well, I didn't bring photoshop with me for that), so a lot of my free time has been spent sleeping. I hate sounding like I'm making excuses, but it's not like I've been just sitting on my butt procrastinating this time like I usually do.

At any rate, I guess chilly wins by default, which is totally lame, I know. Had I known at the time that I would be working 50 hour weeks for the next month, I wouldn't have bothered to sign up.

Sorry guys.
