Due to a series of events this summer, I ended up seeing ironman 4 different times and never paid for it a single time.

this is what I have to say about it.

-first veiwing: I thought it was funny, extremely cool and fantastic.

-second veiwing: enjoyed it a lot but not nearly as much as the first time and noticed a bunch of little things I didn't notice the first time.

-third veiwing: Still liked it but the humour just wasn't there. Again the rewatch value dropped down a significant amount.

-fourth veiwing: indifferent, started to notice the bad thing, minor mistakes, and things of that nature.

If I had only seen Ironman once, I would have put it extremely high on my list of all time favorites. but since the rewatch value on it is pretty low and after only seeing it 4 times and getting a little bored with it, I am going to have to probably going to put it fairly low.

but comic adaptations I really liked so far most of the best ones are not even superheroes. 300, sin city, road to perdition, from hell but that's not what this is about, here is my list

1. Dark knight
2. Spiderman 2
3. Batman Begins
4. Superman Returns
5. X-men 2
6. X-men 1
7. Spiderman
8. Spiderman 3
9. Incredible Hulk
10. Ironman
