hey all.

just now I listened to a kickass live version of "Spirits In The Night" by Manfred Mann. Bruce does a decent job, plus he completes the song, where MM cuts it off about half-way/three-quarters through. anyway, just wondering which version do people here like? Bruce or Manfred Mann. comments are welcome.

Manfred Mann & the Incredible Earth Band versus Bruce Springsteen & the E-street Band?

Tuff choice, dude.....

...Manfred Mann, man.
