quite! ^_^ but alas, i couldn't stand ANY of the TOS movies, so i'm afraid i never saw that bit. tho, to be fair, none of the TNG movies were worth much salt anyway. but yeah, i remember another thing i liked bout the movie is everything made more sense, for a given value of sense. the Starships felt like military ships, as they should, the People acted like Military Officers, as they should, and the tech for the most part made sense to the layman in me. doesnt mean i didn't notice some nitpicks, such as why was the enterprise being made conviently in Kirk's town, or why Pike was conviently in the same town as well, recruitment officer or no. (all bits in the trailers, so don't bit me head off for spoilers) could go on, but it might make it seem like i didnt like it, when i fact i loved it.
