The thing about realistic is, well, they're not in the first place. :) And it seems every artist does something different when it comes to details. I was mostly looking for information if it were truly available from some episode or issue. If it's never really been specified semi-officially, then I guess anything goes. :D

It's not like there is one answer. Go with Reed Richards fabric of choice, the unstable molecule. What's that look like?
