I do feel like I cheated. After I got the idea for using the fish my frankenstien nature got the better of me and I had to make the picture in my head. It was still a very intersting excersise being limited to the pot!

I wouldnt be disapointed if I was left out of the vote, As for me voting, I couldnt choose between the two of you, save to say BB had more of a story going on, and WH was more rooted in comic lore.

If your both 10x2 I'd call it a tie.
