That was fast Vagabond, OK so now I would like to see a comic book cover Manip from you, work on compositon and making it noticeable. Full picture plan background included. Check out the covers of $r \circ c i n \circ t \circ e$ or the August challenge to get an idea of what I am looking for.

This Homework is trying to get you to plan your picture as a whole rather then just the model. I would like to see some sort of energy effect or use of powers. Have fun.

BTW: The homework is its own reward, no custom avatars for it. the only way to get one is to win a monthly challange or ten duels, or to have a winner of a specially labeled custom avatar give you one.
