Hello everyone!

I'm the new member ... okay I'm not really new to Heromorph, but new to the forums. :)

Since years, I'm a member at the Heromorph's Download Central and I like a lot of the products over there!

I'm 34 years old and live in Germany with my hubby and two crazy cats. :) I love to use Poser, it's my favorite program and I use it nearly every day. My postwork is done in PSE 11.

Until now I haven't created comic/hero images, but I saw The Crow a few days ago and that remembered me of the Draven character I've bought here. I think in the near future I'll try to create hero images.

Oh my favorite hero is Batman! I love that he isn't supernatural and I love bats. :P (And of course Christian Bale *giggles*)

Hugs,
Margy
