Oh geez, I hope I'm not too late for this! I haven't been drawing much lately and I need something to keep the pencils sharp, as it were!

Let's see...

- 1- any villain other than Thanos wielding the Infinity Gauntlet.
- 2- recycling one from last year, any Batvillain redesigned for the '66 series. (so, Two-Face, Bane, Scarecrow, Man-Bat, Harley, whatever)
- 3- any superhero or villain as a Jedi.
