Hey Whiz, I have to agree these shows are AWESOME!

I found a site that is dedicated to viewing them in Chronological Order.

If anyone has not caught up on them and would like to, I highly recommend going to

<https://geekcritique.net/2015/05/19/arrow-and-the-flash-chronological-order/>

they even have in the watching order an animated webisode series of Vixen to Show/Hide Spoiler introduce Magic into the Arrowverse (As it is commonly referred to as Arrow was the first in the shows to air.
