BUMP!!

**Dragondack** is leading the challenge again with another image:

Talk about not being inspired as he said.

**Note: By this challenge rules as stated on my first post...**

**Quote:**

***You can use screenshots from movies that contains toys (Toy Story, The Lego Movie), BUT only toys are allowed for this challenge. And yes, we are counting Legos as toys.***

..., this image shouldn't be allowed.

**I'm going to let it pass this time and this time only because I don't think the joke would work otherwise.**

**Please, Dragondack, play according to the rules in your future images.**

And the rest of you... Are you really going to let him have all the fun? Again?
