I somewhat agree, but in a couple of the cases that BB lists, in all fairness the original poster was not the colorist. I did one of them (Last One - Color Version) soon after alex posted the original. And I think the same applies to the School Girl (webgeek did the color version of alex's original).

In each of these cases I think we were attempting to alleviate alex's "I'm taking my toys and going home" frame of mind. Possibly it didn't work since he hasn't posted anything new. Oh well.
