I dont know... He's been doing OK on Astonishing X-men (he's been writing the book) and altho' I've never seen any of his TV stuff, every carmudgen I know says I should collect the DVD's.

Even tho' I have a hard time imagining a story of an amazon in star spangled shorts being taken seriously, I would still pay to see it "twotimes" if it was just Carpenter in your run of the mill hotpants.

I mean, come on. There is a reason Dukes of Hazzards is #1 at the box office right?
