Ok, I've seen alot of bitching and moaning about WW's costume. Then what, my good people, is the alternative? What **should** she be wearing? What should the story be? Instead of yet another WW manip in traditional comic garb, why not have a HM contest and everyone design their own WW costume, for the movie. Just an idea. I don't know folks, that costume looked fine to me when I used to watch Linda Carter as a kid. Why wouldn't it look good up on the big screen? Maybe bring down the tone, flatten the colors? Your thoughts go here_____.
