We are having duels (artist duels of course).

An Artist can make a challenge against a fellow artist. The Artist that received the challenge then picks the "weapon" if he/she accepts.

All Duels must:

- 1-Have a Specific Deadline
- 2-Have 3 Impartial Judges
- 3-Be Announced in the Challenge and Duel Forum

Weapons are agreed upon prior to dueling by both artists and can include:

- 1-Same Base picture/pictures/3d Models
- 2-Specific Content/3d Backgrounds
- 3-Specific Characters
- 4-Any other criteria agreed upon by both artists and their judges.

The dueling pair must then ask 3 impartial third parties to judge their duel. The judges will decide what artist's picture they prefer and then award the win.

For winning a duel you will receive one point, and a duelist title bar winners mark for each win. When you have reached 10 points you can have a custom rank.

Be sure to keep track of your points.

Be sure to announce your duels in the forums so that the rest of us know what is going on.

You cannot duel the same artist 2 times in a row. You may not duel the same artist more than 3 times in your journey to accumulate 10 points.
