As a veteran of the first Gulf War, Operation Desert Storm, I say thanks to all who support the soldiers of America and even those coutries who are allied with us. The guys over in Iraq and Afghanistan have a tough job, and that's it, they are doing their job. Aside from the politics and govermental policies, they are following orders and doing what they signed up to do. We should all be thankful that a few good men and women choose that job.

To all of us who served (US Army) we remember those who gave all that they had...and made the Supreme Sacrifice for their country...On this day, among all others...

YOU ARE NOT FORGOTTEN
