Wankers I say

Jr like any comic company some of the art wasn't that good and some of it was Great.

Was, what I meant by that was people might try to do crossover pictures, like Image, nexus or something along those lines. or maybe include a DC or marvel character.

If the character had a title or was a re-occurring character in the valiant universe you can do a picture of him.

Why must everyone always complicate things?

Don't answer that
