1) Are you people blind? Beast doesn't look cool! Unless you all think a smurf on a bad hair day is cool. He's supposed to have fur. Now he just looks like he's been attacked by some moron with a blue spray can.

2) And as for juggy... the helmet looks like crap, but otherwise I guess it works.

3) Magneto again?! They DO have other villains, you know! They probably won't make any more x-men movies (only spin-off's) so this means we just got robbed of the Sentinels, Hellfire Club, Shadow king and so on.

4) ...I'm not going to say that this movie is going to suck; because there's still a chance it will be watchable. But that's as far as my hopes go. :r-off:
