1. I was really pissed when the cartoon had Colossus as an "honorary" member of the xmen. So when they showed him in the 2nd movie I was all super excited because at least they acknowledged him as a student of Xavier! And they did his power super freakin kewl too! So I'm not worried about Colossus.

2. I loved Eastman's and Laird's original B&W TMNT comics. All the cursin, killin, and general body parts flyin was the greatest thing about that comic. The movie was eh (even if I did see it 7 times as a kid). And I felt it was sacrelidge when Disney bought the rights, colored them, and then changed them into cheesy ass surfer doods who jonzed for pizza every second of the day. Yeah, Disney should burn in hell for that.

3. I dodged Rocketeer cuz I figured it would suck.
