Spiral is one of my fav characters. I say Daggers, or Sais.

I did her with daggers, and I really liked the way it came out. maybe try sais. that would be cool.

Because of her many limbs, I think the smaller weapons fit nicer into the "flow", if you know what I mean. With long swords, you run the risk of interrupting the grace of her arms, because of their size.

Same with a sheild. Plus I think she is known better with the smaller weapons.
