Hmmm.... does size matter? Like my ex-girlfriend used to say: "Sorry, but yes."

(now I'm giving away too much again, aren't I?

)

Thing was too darn small. Hulk was really big, but so ugly it didn't matter. Suckiest CGI ever.

As for Colossus, like Hulk and Thing, he wasn't all that big in the earlier comics. Check out Claremont/Byrne's X-men and compare with newer issues and you'll see. I want him to be big, yes, but not enormous. He's not Giant-Man wrapped in tin-foil, you know.

After seeing the trailer, I must say I would like to see Juggy more bulky. He's supposed to be strong as all heck. He doesn't really look like it. But I'm kind of okay with him. It's 'Grandpa Smurf' (aka Beast) that bugs me.
