You guys know these movies aren't real, right? I mean there is no real Beast or Thing or Juggernaut. So with that said, I thought Hulk looked great. I think the Thing was passable, if they make him more rocky in the next one. I will wait to pass judgement on Beast and Juggy until after I see the movie.

As for the Shadow, I like it very much, for the time it came out. Phantom I barely remember, but cheesy comes to mind. And Rocketeer was awesome, I loved it. I agree with what was said about it from Vonisgr8.

What about Zorro? I haven't seen the second one but I liked the first one. I mean if you guys can make a better Thing costume or reproduce it via your computer then by all means let's see it.

I love playing the devil's advocate.
