For me, Collossus is just fine. The guy they chose seemed the perfect fit to me. I guess I'm at fault for trying to think realistically tho.

I dodged the Shadow. I think because the Baldwin name popped up. And I know because of the radio shows my gramma let me listen to as a kid. Phantom, was nice on tv when nothing else was on but infomercials.

Zorro? There's a cologne I saw an ad for at work. I make fun of it all the time. "I am Antonio Banderas, I played Zorro. Smell like my ballz"..... incidentally I own that Zorro movie on dvd.
