Killing her, putting her in your box...NOT much of a difference there, seeing as how no one can remember when it was cleaned out last and even Hazmat won't go near it LOL

DW...the 'Box' was finally cleaned out about a week ago...I sent a 'Lupo' unit in to do the deed...12 went in...4 came out; with the remains of the others. It's now safe to drop this worthless thread in there, and ship it off to M-31 aka the Andromeda galaxy. The Klingons are offering us a good deal on the shipping costs (we have to surrender 3 kegs of bloodwine, and the secret recipe for Coca-Cola to them)

Remember...JrMcD now has his own luxury place to stay...though I did have to return the two maidens back to Japan. Costing me too much...and they were starting to call in sick every other day or so.
