my guess would be StrangeFish's tutorial over at C2F's Art School.

**Do it Yerself Nudity by StrangeFish**

it's done in PSP, but it's the tutorial that i learned from and i've only touched PaintShop Pro a few times, so you can easily take it and apply it to Photoshop.

i can't think of too many other full costume tutorials that go in depth other than BA's (great tutorial) and StrangeFish's. i'm sure there are some, but i can't remember any other than the ones i listed.
