Awww... jeeez! Jr kissing in public?!

Good way to make a guy vomit all over the keyboard. Thanks a lot.

While I support your anti-Tom movement (ATM? no, that's taken

) ...personally, I have a bigger problem with how Tom has brainwashed Katie (and everybody else of his friends and family) than I have about the age difference. I say, pack that money-grabbin cult into a rocket and send them back into space, where they think they came from. We'll spring them a one-way ticket. As a X-mas gift.
