O Canada! Terre de nos a?eux.....

1st rule of the Members Galleries... there are no rules!

Well there is one rule for sure, Absolutely NO KIDDIE PORN (I am sure that is in our posting rules... but I have actually never read them)... the models still need to be 18+... Any Model that appears to be younger than that will be deleted immediately. And that call is at the discretion of the ones with the power to delete. Oh, and I am pretty sure that I will ban you, no questions asked, for kiddie porn. I am pretty sure the other Moderators will too. Crud, hold on... I need to read the posting rules.....OK, I was right... (Now I won't break the rules too.)

Oh, and Nice Molsen's commercial DD... you needed to add something about being able to legally post porn on a website (without 2257) into that rant as well... then you truly would be Canadian...
