Welcome to the semi-finals

That means the next round will be

Force vs. DarkWanderer

And Daruma VS. DreamSlayer

The theme for this round is Frankenstiening both background and model. You must combine at least 2 different base images for the model and at least 2 base images for the background. Post your bases in the jar once you have completed your image. Other then that the sky is the limit.

The due date for this round will be April 12th

I'm sorry, Winterhawk wins for even remembering what was going on in this Contest!
