.. that I believe it would most entertaining for you and Lobo to both meet, Thane Luc. However I do agree that Kyle is a far less interesting character than the others you mentioned. John would have been a most ideal successor to Hal. In terms of JLA membership, it seems he is just that. If I were to see a Kyle comic and a Katma comic in the GL row, I'd choose the latter, or nearly any other comic. But I'd also choose a Katma Tui comic over any one of those.
