I have no idea what you're talking about.

I just tried that link again to stomptokyo and got the article. Don't see any commercials.

If you are at all familiar with the movie, or the short it is based on, **'THE WIZARD OF SPEED AND TIME'**, this is a story about how you can download it free , with the permission of Mike Jittlov, the films' creator.

I get nothing out of this, I just love the movie and thought others here might like to know about it as well. Sorry, I'll keep news like this to myself in the future....
