I've been saying that for years!

(stop stealing my thoughts you bastard! That's it! I'm putting my tin-foil hat back on)

But in their defence, they seem to be addressing the underwear issue. Check out the Astonishing x-men (or any of the other x-titles) and you'll see. I still don't understand why the heck wolverine has a yellow & blue costume... no wolverine I've ever seen was colored like that.

I also never understood the whole tights-thing. Unless your invulnerable...why the heck would you wear something like that? It's not warm, it shows off EVERYTHING, it offers zero protection (even with underwear added)! Me? I'd wear something with padding. Maybe knee/elbow-pads and such. Army or SWAT stuff would work. But I'll leave the rants to thayne. He obviously has a lot to get off his chest.
