If anyone has a picture that they would like me to do for them, then you may contact me via PM here at the site.

Feel free to contact me with any reasonable request (no sick stuff) but if the request does not interest me, I will not do it.

I prefer doing pin-up style manips of female characters.

Your cost would be:

\$30 for a single character/single manip.

\$45 for two manips or two characters in a single manip.

For action scenes and/or other requests the rates may vary depending on how complexity of subject matter requested.

+\$5 add five bucks to the bill if you want the picture exclusive and not posted on Heromorph and/or BCS afterwards.

I prefer to select the base pictures, as base picture selection is important part of a quality manip. I have no problem with you naming the model and us deciding on the image together as long as the base is of high quality. Work on the request will start after confirmation of payment. You will receive your request via e-mail in Jpg or similar file format.

Payment will be via Paypal; details will be given after the price and base pictures have been agreed upon. All my proceeds will be donated to Heromorph!!
