That's all well and good, buddy...but have you ever considered the many depictions on the site that "implies" sex with a minor? Jubilee, Magik, Shadowcat to name a few, are all minors, yet favorites for sexual depictions.

Also anime is a veiled form of pedophilia. The facial structure is very young, large eyes with a small nose and mouth. And in many cases look at the clothing they wear. Have you ever seen an anime with pubic hair?

I'm sure this fellow's banning is justified. Just be aware of the somehow strange double-standards that we have around here involving some of these characters.
