Without a doubt the quality of comics have been slipping, in general. Still, there are good issues coming out every now and again. Trougle is finding them among all the trash.

Personally, I blame it on the writers and the lack of strong editors who take charge of the titles. And the lack of long-term planning.

I absolutely hate, hate, HATE all those pesky 'alternate' versions/worlds/characters that fill the comicbook stores these days.

Zombies however, I like! Especially when they go boom. (I want a shotgun for x-mas. Please Mr.Santa!)
