Oh that guy really p!sses me off.

He would never read the forums to see what was going on when the site crashed or anything but always posted a new thread to find out where is free porn had gone.

And (I don't know if this is still the case) he was on welfare and his justification for wanting free things (that others pay for) is that he can't afford it.

By that logic I now demand 4 Ferraris.

"Tell me why the first to ask is the last to give every time."
