basically, the symbiotes reproduce asexually by budding; ie a piece breaks off, and becomes a "new symbiote. When Spidey was captured during the first Secret Wars, his costume got pretty beat up on the Beyonder's Battleworld. At the heroes base, Spidey ran into the new Spider-woman (Julia Carpenter), in a black and white costume. She said there was a machine that could make any clothing you desired. Spidey went looking for it, but instead found a mysterious black goo, that "became" his new black costume. It could respond to his mental commands, morph into street clothes, and make it's own webbing. After the heroes returned, Spidey kept his new black costume. Hwever, he discovered that it was slowly taking control of him. He went to Mr. Fantastic, to have him examine it. Reed discovered that it was a living being, trying to bond with Peter. Mr. F captured it, releasing Spidey. After several attempts to re-bond with Peter, it bonded with a reporter that also hated Spidey. Their mutual hatred created Venom....
