This is the problem with DC, they kill of a kick ass hero and fuck it up. Batgirl, Superboy who next???

Probably BatMite... I will be devastated if that happens

Uh...

A Gay Batmite? How do you know he's gay? I mean, what does a straight Batmite look like?

For that matter, I guess his race would be Mite, yes? Bat Man, BatMite. HuMite?

Why do I think of these things?
