A Gay Batmite? How do you know he's gay? I mean, what does a straight Batmite look like?

For that matter, I guess his race would be Mite, yes? Bat Man, BatMite. HuMite?

Why do I think of these things?

I never said he was gay. Are you drunk? I have been known to say that he is more annoying than the most annoying sound in the world...

"NNNNNNYYYYYYYYYYYYAA"

But I never said he was gay... so, is there some deep rooted desire there, BB, for BatMite?
