Buncha geeks.

Nut Jobs? The only nut jobs around here are the ones that... Uhm... errr... well... uhm... Hey BLur... get your hands out of Daruma's pockets... you sick M-onkey! And no... that pizza is still fresh... it has only been sitting out for 45 minutes.. NOOOO that isn't mold... that is green cheese... trust me... eat it. You don't want to... give it to Daruma... he will eat anything... especially if you give him a dollar. Remember that time you ate that Barbie head... oh man... that was priceless... how did it pass? Did you eat it again? And remember that time that that parrot started cussing at all those kids... man.. I couldn't control myself... I wanted to kiss that parrot! He was all "[Hey...@\\$#](#) You..." and "gO #\$\$% yourself you little booger eaters!" and "Hey is that your mom... I sure would like to #\$\$% her!". The kids loved it... and I don't think any of them know what #\$\$%@ means.

Hey... what are we talking about here?
