How can Superman ever reproduce?

(If he has sex with Lois Lane, not only will he rip her from crotch to sternum, gutting her like a trout, in the throes of passion, but his Kryptonian sperm will riddle her human body as it exits his thingie. And no, he won't do Supergirl, don't be a cad, she's his cousin!)

Did Superman ever masturbate as a teenager?

(Of course not, otherwise the skies over Smallville would have been deafening with sonic booms, as well as Cherenkov radiation as the sperm reached trans-sonic speeds.)

For more humorous bits, I highly recommend Larry Niven's [Man of Steel, Woman of Kleenex](#).
