the first 35 minutes was spent listening to 2 jerks behind me comparing the movie to the Chris Reeve movies...they finally got tossed out. Then, the lady in the seat on my right started yakking on her cellphone. After 10 minutes, the man in front of her turned around, took her phone, and kept the battery. And don't get me started about the older gentleman on my left...talk about loud snores!!!

Until I get out from the hospital (going in for a few minor, routine tests on Monday / 03 July 2006) I really can't comment on the WHOLE movie. The last 15 minutes were really interesting, though! I give that part 8 outta 10
